Dr Michael Molton

Australia

Dr Michael Molton, MB:BS Dip. Cosm. & Derm. Laser, FCPCA, President of the Cosmetic Physicians College of Australasia 2018 – 2022. Dr Molton gained a wide range of experience in the public hospital system, mostly in Emergency Medicine and subsequently as Registrar in Psychiatry at Royal Perth Hospital (until 1996). During this time, he developed an interest in Body Dysmorphic Disorder (BDD) and while working as a surgical assistant in private practice he developed further interest in the growing field of cosmetic procedures. He has worked full-time in this field ever since, and currently in his practice in Adelaide, South Australia.

Dr Molton is an Assistant Investigator with the Computer Science and Software Engineering Department of University of Western Australia which involves the development of 3D technologies that aim to quantitatively measure and realistically predict outcomes in cosmetic medical procedures. He has authored several medical journal articles including, as co-author with Dr Keturah Hoffman (et al), a landmark paper on BDD published in the Journal of RANZCP, which to date has more than 60 citations in other works.
